DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. Receipt is acknowledged of a request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e) and a submission, filed on April 11. 2007. The submission, however, is not fully responsive to the prior Office action because the newly submitted claim set relate to a non-elected species. On a first Office action, dated January 19, 2006, a restriction requirement was made, to which the Applicant replied, on February 21, 2006, by electing species III (figs. 5-7), claims 1-2, 4-5, 10, 12, 29 and 31. As further disclosed in the specifications, at pages 16-21, the elected species does not include "a detector"; however, newly submitted claims read, in claim 1 at lines 2-3, "a detector for detecting a medical capsule discharged from within the human body." Since the submission appears to be a bona fide attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period for reply supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a).
